EDUCATION

B.SC(CS)
Ayya Nadar Janaki Ammal College *Jun 2016 - May 2019*

PROJECTS

JobSeeker
Backend Developer *May 2019 - Sep 2019*

Search jobs and apply to it.Total 3 roles i.e Admin,Employee,Employer
Employee search and apply to specific job ,next employer review that it.
Admin gave access to employer.

Invoice Management System
Backend Developer *Jun 2022 - Dec 2023*

This is electrical shop invoice project.It have Purchase,Sales,Purchase return,Sales Return,Stock Maintenance,Add Product,Reports.

Car Wash
Laravel Developer *Dec 2023 - Feb 2024*

This system allows customers to book car wash services online. Customers can choose from various service packages, select a convenient time slot, and make payments securely. The system maintains a database of customer details, vehicle information, and service history. It sends automated reminders to customers about their upcoming appointments. Staff can view and manage bookings and generate reports to analyze business performance. The system offers a user-friendly interface for both customers and staff, enhancing the overall experience. Integration with a mobile app provides on-the-go access to booking and tracking services. This system streamlines operations, improves efficiency, and increases customer satisfaction.

Ticket Booking
Backend Developer *Feb 2024 - Mar 2024*

This is flight ticket booking project.

This system facilitates flight ticket bookings with three distinct roles: Admin, Salesperson, and Manager. Salespersons reserve seats for customers, which are then reviewed by Admin or Manager for approval. If approved, an automated email confirmation is sent to the customer, and the ticket count for the specific seats is reduced. Both Admin and Manager roles have the authority to approve or reject bookings based on availability or other criteria. The system maintains a real-time count of available seats and sends notifications to Admin and Manager for new bookings. This system enhances efficiency, ensures accurate seat allocation, and provides a seamless booking experience for customers.
